

CONSULTING FORESTERS

Consulting foresters are professional foresters who provide a variety of services to landowners on a fee basis. They are experienced in providing competent forest management advice and gathering technical information that will stand up in a court of law. Consulting fees will vary depending upon individual circumstances.

This listing of Consulting Foresters is issued as a convenience for Kansas property owners. No endorsement of persons or companies listed is intended, nor is any discrimination implied of individuals or firms not listed. Consultants included on this list, maintained by the Kansas Forest Service (KFS), must have a forestry degree from a college or university accredited by the Society of American Foresters. The KFS recommends that consultants who prepare or mark timber sales be prohibited from bidding on the same sale.
